PRAJWAL KC

ANDIROD APP DEVELOPER

Bangalore | +91 9844492129 | prajwalkc2005@gmail.com | linkedin.com/in/prajwal-kc2005 |

SUMMARY

Android App Developer with practical experience in building Android applications using Java/Kotlin, Android Studio, Firebase, SQLite, and REST APIs. Skilled in UI design, app lifecycle management, and performance optimization. Committed to delivering reliable, user-focused mobile applications.

EDUCATION

Degree	Institution	University / Board	Year	Percentage/CGPA
BCA	Soundarya Institute of Management and Science	Bangalore University	2026	70.21%
PUC/+2	Soundarya Composite PU College	State Board	2023	87.83%
SSLC/10th	Shree Ram Public School	KSEEB	2021	52%

TECHNICAL SKILLS

- Languages: C, C++, Java, Python
- Technologies: HTML, CSS , Javascript, React Js, TypeScript, XML
- Database: MySQL, MongoDB, Firebase
- Tools: MS Office, Visual Studio Code, Eclipse
- Operating Systems: Windows, Linux (basic)

ACADEMIC PROJECTS

Weather Application (Android) :

Developed an Android Weather Application to display real-time weather data using external APIs

- Integrated REST APIs to fetch live weather information
- Implemented city-based and location-based weather search
- Parsed JSON responses for temperature and weather conditions
- Designed responsive UI using XML and Material Design
- Added error handling for network and API failures.

Calculator Application (Android) :

Designed a Calculator Application supporting basic arithmetic operations with a clean UI.

- Implemented addition, subtraction, multiplication, and division logic
- Designed simple and intuitive XML-based user interface
- Handled invalid inputs and division-by-zero cases
- Ensured accurate and real-time calculation results
- Optimized code for smooth and efficient performance

Chat Application (Android) :

Built a real-time Chat Application using Firebase for messaging and authentication.

- Implemented user registration and login using Firebase Authentication
- Enabled real-time one-to-one messaging with Firebase Realtime Database
- Designed chat interface using XML and RecyclerView
- Ensured secure data handling and session management
- Managed app lifecycle for stable real-time communication

INTERNSHIP

Android App Development Intern
SaiKet Systems | Remote (ongoing)
Duration: Dec/2025 - Jan/2026

- Developed Android applications using Java/Kotlin and Android Studio
- Designed user interfaces using XML and Material Design principles
- Implemented core app features including CRUD operations and local data storage
- Integrated Firebase services for authentication and real-time data handling
- Debugged applications and optimized performance using Logcat and Emulator
- Used Git and GitHub for version control and project collaboration

ACHIEVEMENTS AND CERTIFICATIONS

- Completed industry-recognized job simulations in Software Engineering and GenAI-powered Data Analytics through Forage
- Earned certifications from Accenture, Tata, and Cisco, demonstrating practical technical knowledge
- Gained hands-on experience in Python programming, networking fundamentals, and problem-solving
- Strengthened real-world technical skills through structured virtual projects and assessments
- Actively enhanced employability by completing multiple certified learning programs

SOFT SKILLS

- Quick Learner
- Team Collaboration
- Time Management
- Communication Skills

LANGUAGE KNOWN

- English (Fluent)
- Kannada (Fluent)
- Hindi (Basic)
